

INSTRUCTIONS FOR A BUILDING PERMIT

- A. Fill out an application for a Building Permit.
- B. Have two copies of a plot plan, showing dimensions of the lot, the actual size and location on the lot of the building to be erected, the location of the septic tank and drain field, and the location of the well.
- C. One set of plans showing footing and foundations, walls, joists, windows, doors, etc. Must be submitted in a form adequate to insure compliance with the State Building Construction Code. Plans must bare the stamp of a New York State Architect or Engineer when the floor plan is over 1,500 square feet, or if the construction exceeds \$10,000.
- D. A perc test to be taken before a permit is issued.
- E. If the construction is in the flood plain area, a special Building Permit must be issued by the Building Inspector before a Town Building Permit can be issued.
- F. A special water well report must be filled out and returned to the Building Inspector shortly after the well is drilled.
- G. A Certificate of Insurance must be supplied by the contractor before the permit is issued.
- H. Fees:

Floor plans up to 2,000 square feet	\$350.00
Each 100 square ft. over 2,000 sq. ft.	15.00
Buildings for agricultural pursuits	100.00
Additions & Accessory use buildings/each 100 sq. ft.	15.00
