Applicants came before this Board in September, 2010 and received variances to construct an attached garage to their home. Town Building Inspector/Zoning Officer Gil Albert is asking for those variances to be rescinded since they did not build the garage. The Applicants are now seeking a side setback variance of 8' for the addition of a 12½' x 19' room and a small bathroom, which they are in the process of building without a permit; this variance is needed in order to meet town regulations and to obtain the required building permit.
